ABOUT US

Al Jaber Steel Co is the division of the Al Jaber Group that was established in 1992; The Company developed and expanded its activities to cover the growing demand of local market for Structural Steel work and metal fabrication. From its humble beginning, it has evolved into a reliable source of expertise in the design, fabrication and installation of steel structure and miscellaneous steel items.

Al Jaber Steel is committed to excel in terms of quality and safety in construction field. Along with its experienced engineering, it ranked the company as a leader of total steel and metal solution in industrial construction industry.

✓ AL JABER STEEL CAPABILITIES

- ✓ Structural Steel
- ✓ Pre engineered Buildings
- ✓ (Built up sections H&I)
- ✓ Fabrication and Erection
- ✓ Steel Decking and Cladding Systems
- ✓ Roofing Systems for Industrial Construction
- ✓ Purlins (Z&C sections)
- ✓ Car Parking Sheds
- ✓ Metal Doors and Gates
- ✓ Metal Windows and Grills
- ✓ Metal Louvre and Vents Fencing
- ✓ Stainless Steel Works
- ✓ Powder Coating and Sand Blast
- ✓ Sand Blasting and Painting

✓ MANPOWER

To successfully meet our customers' satisfactions on every project, Al Jaber Steel has confidence on the expertise of its team of experienced Project Managers and Engineers throughout all phases of the project manufacturing, delivery and erection.

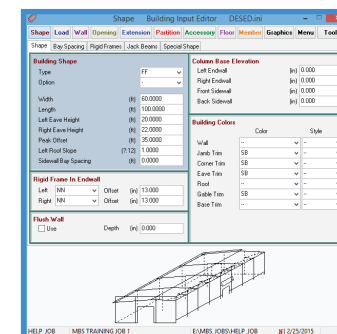

✓ ENGINEERING

Al Jaber Steel Utilizes the latest Engineering software for Structural Steel analysis, Connection Design, Shop Drawings and state of the art Computer Numerical Coded (CNC) equipment for fabrication. Al Jaber Steel Quality Management Systems are in conformance with the requirements of ISO 9001:2008. Al Jaber Steel has also attained ISO 14001: 2004 & OHSAS 18001:2007 Health, Safety and Environment certifications which resulted in the improvement of process efficiencies, safety of workforce and meeting the environmental requirements.

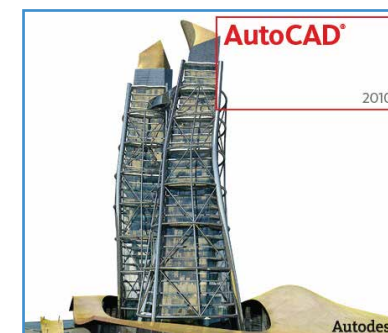

✓ SOFTWARE SYSTEMS

Al-Jaber Engineering provide the most economical technical solutions with the use of modern technological softwares from design, shop drawings, and structural calculations for the entire project. This is coordinated by our engineering team with customers to comply with project specifications and international standards and codes.

METAL BUILDING SOFTWARE

A Software Program that does the complete design, detailing, costing and drafting of steel framed metal buildings.

Auto CAD

For Technical drawings

TEKLA Structure

The latest versions for modeling and engineering solutions

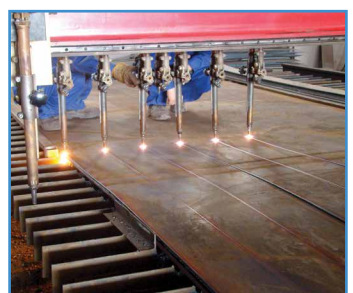

SAP Software and STAAD Pro Software

For Structural Computations and Load Checking

✓ FABRICATION

Al Jaber Steel's manufacturing are located at new Industrial Area, Doha, Qatar. The manufacturing and construction divisions are fully equipped plant, erection cranes, man lifts, and tools. Etc

INSTALLATION

Al Jaber Steel's highly experienced site engineers and well trained manpower ensure the quality and safe installation process in each project.

✓ SAFETY

Al Jaber Steel is dedicated in providing a safety-first environment workplace to ensure the protection of everyone's health and well being. Our goal is for everyone to leave the site at the end of the day in the same manner as when they arrived by complying with relevant environmental, occupational health and safety regulations set by international standards.

✓ QUALITY

Al Jaber Steel's Quality Assurance and Quality Control (QA/QC) provide constant monitoring of goods, from receiving steel material to final acceptance of the finished products. All production steps are monitored and inspected as the ideal model in achieving international quality standards throughout all phases of the manufacturing and erection.

✓ AFTER SALES SERVICE

Al Jaber Steel offers all customers the best solutions with realistic price. It is the firm's commitment to meet the project specifications and ensure quality till the project is handed over to the client's satisfaction.

OUR PROJECTS

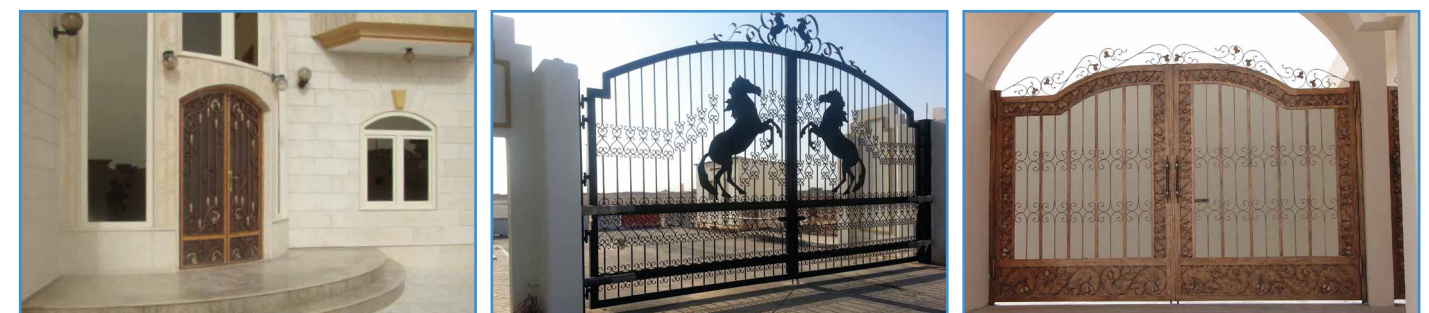

✓ PEB

✓ CARPARK SHADE

✓ DECORATIVES

✓ STEEL STRUCTURE

✓ MISCELLANEOUS

✓ OVER HEAD CRANE

S.R. No.	Company Name	Project Title	Work Description
1	Al Jaber Trading & Contracting	Epic Joint Forces, Government and Coast Guard Telecom Building at Ras Laffa	Supply and Installation of car park shade
2	Redco Construction - Al Mana	Construction Services for Research and Development Complex -Phase 1	Supply and Installation of Miscellaneous Steel work, Steel Structure Work; Erection of Sandwich Panel
3	Urbacon Trading & Contracting	Sheraton	Supply & Installation of Steel Structure
4	HLG	Doha City Center Expansion	Helicopter pad steel structure,all 6 towers miscellaneous Metal Works
5	Tadmur Contracting	Tadmur H.Q Buildings at Energy City - Lusail	Supply & Installation of Steel Structure
6	Redco International	Lusail metro Station	HP Roof Additional beam
7	UCC	Construction of Palestinian & Sudanese School	Misc. Metal Works(handrails,fences,gates,stainless steel)
8	Al Muntasser Contracting Trading	Mesaimer Medical Center	Supply and Installation of Miscellaneous and structure Metal Work
9	Aktor- Al Jaber JV	Internal Security Force	Automatic Sliding/Swing Gate,steel structure
10	Harinsa Contracting	Grand Mercure	Structural Steel Bridge Connection
11	Al Habtoor (HLG)	North Gate mall & Office Building	Structural Steel Framing
12	Imperial Trading	Mixed Use Offices DHL manateq	Steel Structure PEB
13	Sigma Metal Industries	Sigma Factory	Turnkey, Steel, MEP and Civil
14	Urbacon Trading & Contracting	Mall of Qatar	Steel Cladding Support
15	JTC	Dukhan Housing Project	Supply & Installation of Car Park shade
16	Creative Line	Zulal Destination Spa	Structural Steel
17	Al Bader	Salwa Resort	Steel Structure
18	Expanded Metal Manufacturing Co	Pole Factory	Anchor Bolts, Columns,Rafters, Purlin
19	Al Jaber Green Structure	Lusail Primary	Structural Steel platform over the sea
20	Al Jaber Trading & Contracting	Horse Owner Complex	Supply and Installation of 4 swimming pool structure Steel
21	Baseco LTD	Qatar University, Metro Station	Steel Structure
22	Doha National Refining Co	Sugar Factory	Steel Structure and Cladding Work
23	Generic Engineering Technology	The Base Project at Al Dayan	Steel Structure and Cladding
24	Al Ali Engineering	Hotel Premier Inn	Steel Structure canopy Work
